

Due to the citywide mask mandate, masks are required throughout the clubhouse, no matter vaccination status. If you are dining, you may remove your mask, but if you are moving throughout the clubhouse, masks are required.

Those entering the Club will also have their temperature taken via a thermal scanner. Additionally, for your safety, sanitation stations have been set up throughout the clubhouse and our housekeeping staff continuously monitors areas for cleaning.

Thank you for your understanding as we continue to navigate our way through this pandemic.

Sincerely,

Union League Club of Chicago
